

## ENVIRONMENTALLY ACCEPTABLE LUBRICANTS

This is to inform users of CRUG-VERSITEC'S spare parts that this is an updated list for which EAL Oil's have been tested to date. We will continue adding EAL's as & when each test has been completed. We have confidence due to our R&D process that all EAL's, Mineral, and Carbon-based Oil's are compatible with Versiton@ FKM material. We have had no failures to date, and do not expect any.

Manufacturer	Lubricant	Viscosity in Cst. at 402C	Manufacturer	Lubricant	Viscosity in Cst. at 40QC	
BP Castro'	Biostat 68	70	Lukoil (Fuchs)	Plantosyn 68 HVI	68	
	Biostat 100	103		Plantogear 100	100
